

Information under RTI Act

Chapter – 1

Introduction

1.0 EDUSAT is the first Indian satellite built exclusively for serving the educational sector. It is mainly intended to meet the demand for an interactive satellite based distance education system for the country. It strongly reflects India's commitment to use space technology for national development, especially for the development of the population in remote and rural locations.

1.1 The 1950 kg EDUSAT is launched from Satish Dhawan Space Centre (SDSC) SHAR, Sriharikota, into a Geosynchronous Transfer Orbit (GTO) by ISRO's Geosynchronous Satellite Launch Vehicle (GSLV). From GTO, EDUSAT will reach the 36,000 km high Geostationary Orbit (GSO) by firing, in stages, its on board Liquid Apogee Motor (LAM). In GSO, the satellite will be co-located with KALPANA-1 and INSAT-3C satellites at 74 deg East longitude.

1.2 Compared to the satellites launched in the INSAT series so far, EDUSAT will have several new technologies. The spacecraft is built around a standardized spacecraft bus called I-2K. It has a multiple spot beam antenna with 1.2 m reflector to direct precisely the Ku band spot beams towards their intended regions of India, a dual core bent heat pipe for thermal control, high efficiency multi-junction solar cells and an improved thruster configuration for optimized propellant use for orbit and orientation maintenance. The satellite uses radiatively cooled Ku-band Travelling Wave Tube Amplifiers (TWTAs) and dielectrically loaded C-band DEMULTIPLEXER for its communication payloads.

1.3 EDUSAT carries five Ku-band transponders providing spot beams, one Ku-band transponder providing a national beam and six Extended C-band transponders with national coverage beam. It will join the INSAT system that already has more than 130 transponders in C-band, Extended C-band and Ku-band providing a variety of telecommunication and television services.

Orbit : Geostationary (74 deg E longitude)
Co-located with INSAT-3C and KALPANA-1
Lift-Off Mass : 1,950 kg
Dry Mass : 820 kg
Physical : 2.400 m X 1.650 m X 1.1530 m Cuboid
(10.9 m long with solar panels deployed)
Propulsion and Control : 440 Newton Liquid Apogee Motor (LAM) with Mono Methyl Hydrazine as fuel and MON-3 as oxidiser for orbit raising, 3-axis body stabilised in orbit using Earth Sensors, Momentum/ Reaction Wheels, Magnetic Torquers and eight 10 Newton and eight 22 Newton bipropellant thrusters

Communication Payloads

Five spot 55 Power : Solar array providing 2040 W End Of Life (Summer Solstice) and Two 24 Ampere-Hour Nickel-Cadmium Batteries
Mission Life : 7 years

lower Ku-band transponders for beam coverage with 55 dBW Edge of Coverage-Effective Power

Isotropic Radiated (EOC-EIRP)

One lower Ku-band transponder for national coverage with 50 dBW EOC-EIRP

Six upper extended C-band transponders for national coverage with 37 dBW EOC-EIRP

One Ku-band beacon to help ground users for accurate antenna pointing and uplink power control

Disassembled view of EDUSAT

EDUSAT Salient Features

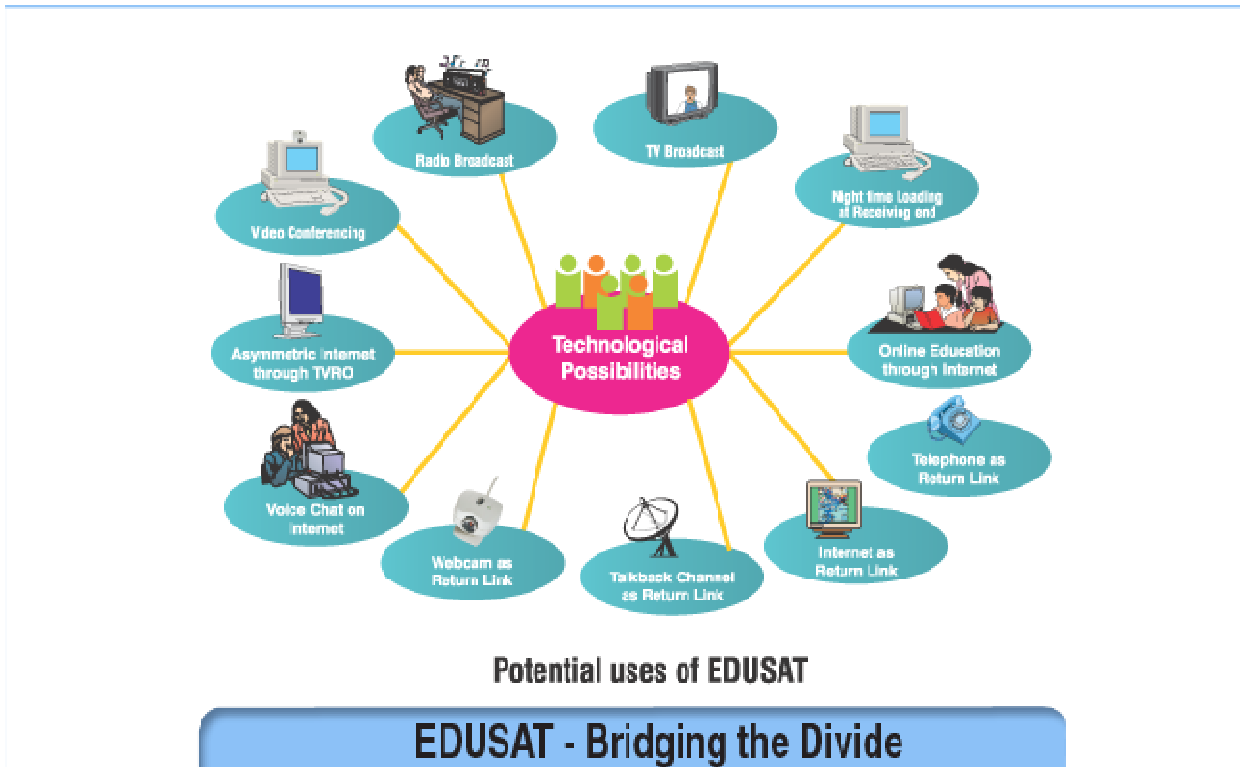

1.4 EDUSAT was launched by the third flight of ISRO's Geosynchronous Satellite Launch Vehicle. Designated as GSLV-F01, this is the first operational flight of the vehicle. In its two developmental test flights conducted in April 2001 and May 2003 respectively, GSLV successfully launched GSAT-1 and GSAT-2 satellites into Geosynchronous Transfer Orbits (GTOs).

1.5 In the first developmental test flight (GSLV-D1), the vehicle placed 1530 kg GSAT-1 into GTO and in the second developmental test flight (GSLV-D2), it placed 1825 kg GSAT-2 into GTO. In its first operational flight (GSLV-F01), GSLV will launch the 1950 kg EDUSAT.

1.6 The 49 meter tall GSLV is a three stage vehicle. The first stage, GS1, comprises a core motor with 138 tonne of solid propellant and four strap-on motors each with 40 tonne of hypergolic liquid propellants (UH25 and N204). The second stage has 39 tonne of the same hypergolic liquid propellants. The third stage (GS3) is a cryogenic stage with 12.5 tonne of Liquid Oxygen and Liquid Hydrogen.

1.7 The Aluminum alloy GSLV payload fairing is 3.4 m in diameter and is 7.8 m long. GSLV employs various separation systems such as Flexible Linear Shaped Charge (FLSC) for the first stage, pyro actuated collet release mechanism for second stage and Merman band bolt cutter separation mechanism for the third stage. Spacecraft separation is by spring thrusters mounted at the separation interface. The three-axis attitude stabilization of GSLV is achieved by autonomous control systems provided in each stage. Single plane Engine Gimbal Control (EGC) of the four strap-ons of the first stage are used for pitch, yaw and roll control. The second stage has Engine Gimbal Control (EGC) for pitch and yaw and hot gas Reaction Control System (RCS) for roll control. Two swivellable vernier engines using LH2 and LOX provide pitch, yaw and roll

control for the third stage during thrust phase and cold gas system during coast phase. The Inertial Guidance System (IGS) in the Equipment Bay (EB) housed above the third stage guides the vehicle till spacecraft injection. The closed loop guidance scheme resident in the on-board computer ensures the required accuracy in the injection conditions

1.8 The pivotal role of education as an instrument of social change by altering the human perspective and transforming the traditional mindset of society is well recognized. The universalisation of education has become the top priority, especially for the developing countries. But the extension of quality education to remote and rural regions becomes a Herculean task for a large country like India with multi-lingual and multi-cultural population separated by vast geographical distances, and, in many instances, inaccessible terrain. Since independence, India has seen substantial increase in the number of educational institutions at primary, secondary and higher levels as well as the

student enrolment. But the lack of adequate rural educational infrastructure and non-availability of good teachers in sufficient numbers adversely affect the efforts made in education.

1.9 Satellites can establish the connectivity between urban educational institutions with adequate infrastructure imparting quality education and the large number of rural and semi-urban educational institutions that lack the necessary infrastructure. Besides supporting formal education, a satellite system can facilitate the dissemination of knowledge to the rural and remote population about important aspects like health, hygiene and personality development and allow professionals to update their knowledge base as well. Thus, in spite of limited trained and skilled teachers, the aspirations of the growing student population at all levels can be met through the concept of tele-education. The concept of beaming educational programs through satellites was effectively demonstrated for the first time in India in 1975-76 through the Satellite Instructional Television Experiment (SITE) conducted using the American Application Technology Satellite (ATS-6). During this unique experiment, which is hailed as the largest sociological experiment conducted anywhere in the world, programs pertaining to health, hygiene and family planning were telecast directly to about 2,400 Indian villages spread over six states. Later, with the commissioning of INSAT system in 1983, a variety of educational programs is being telecast. In the 90s, Jhabua Developmental Communications Project (JDCP) and Training and Developmental Communication Channel (TDCC) further demonstrated the efficacy of tele-education. With the success of the INSAT based educational services, a need was felt to launch a satellite dedicated for educational service and ISRO conceived the EDUSAT Project in October 2002.

1.10 EDUSAT is the first exclusive satellite for serving the educational sector. It is specially configured for audio-visual medium, employing digital interactive classroom and multimedia multicentric system. The satellite will have multiple regional beams covering

different parts of India - five Ku-band transponders with spot beams covering northern, north-eastern, eastern, southern and western regions of the country, a Ku-band transponder with its footprint covering the Indian mainland region and six C-band transponders with their footprints covering the entire country.

1.11 EDUSAT is primarily meant for providing connectivity to school, college and higher levels of education and also to support non-formal education including developmental communication. The scope of the EDUSAT program is planned to be realized in three phases.

1.12 In the first phase of pilot projects, a Ku-band transponder on board INSAT-3B, which is already in orbit, is being used. In this phase, Visveswararajah Technological University (VTU) in Karnataka, Y B Chavan State Open University in Maharashtra and the Rajiv Gandhi Technical University in Madhya Pradesh are covered. In the second phase, EDUSAT spacecraft, once commissioned in orbit, will be used in a semi-operational mode with at least one uplink in each of the five spot beams. About 100-200 classrooms will be connected in each beam. Coverage will be extended to two more states and one national institution. In the third phase, EDUSAT network is expected to become fully operational. ISRO will provide technical and managerial support in the replication of EDUSAT ground systems to manufacturers and service providers. End users are expected to provide funds for this. In this phase, ground infrastructure to meet the country's educational needs will be built and during this period, EDUSAT will be able to support about 25 to 30 uplinks and about 5000 remote terminals per uplink.

1.13 While ISRO will provide the space segment for EDUSAT System and demonstrate the efficacy of the satellite system for interactive distance education, content generation is the responsibility of the user agencies. The quantity and quality of the content would ultimately decide the success of EDUSAT System. This involves an enormous effort by the user agencies. To help in this, ISRO, in cooperation with the user

agencies, has already organized five conferences at the regional level, one at the national level and one conference of vice-chancellors of Indian universities to create awareness about the EDUSAT and its capabilities. The latest conference at Bangalore was jointly organized by ISRO and the Association of Indian Universities in July 2004.

The indigenous realization and launch of EDUSAT will provide a substantial boost to countrywide distance education in India.

2.0 IMPLEMENTATION OF EDUSAT PROGRAMME IN PUNJAB

EDUSAT FOR THE STATE OF PUNJAB

2.1 The rapid growth of the IT/ ITES / BPO Sector in the State as well as rest of the country has resulted in explosion of demand for IT enabled man power. The expectation

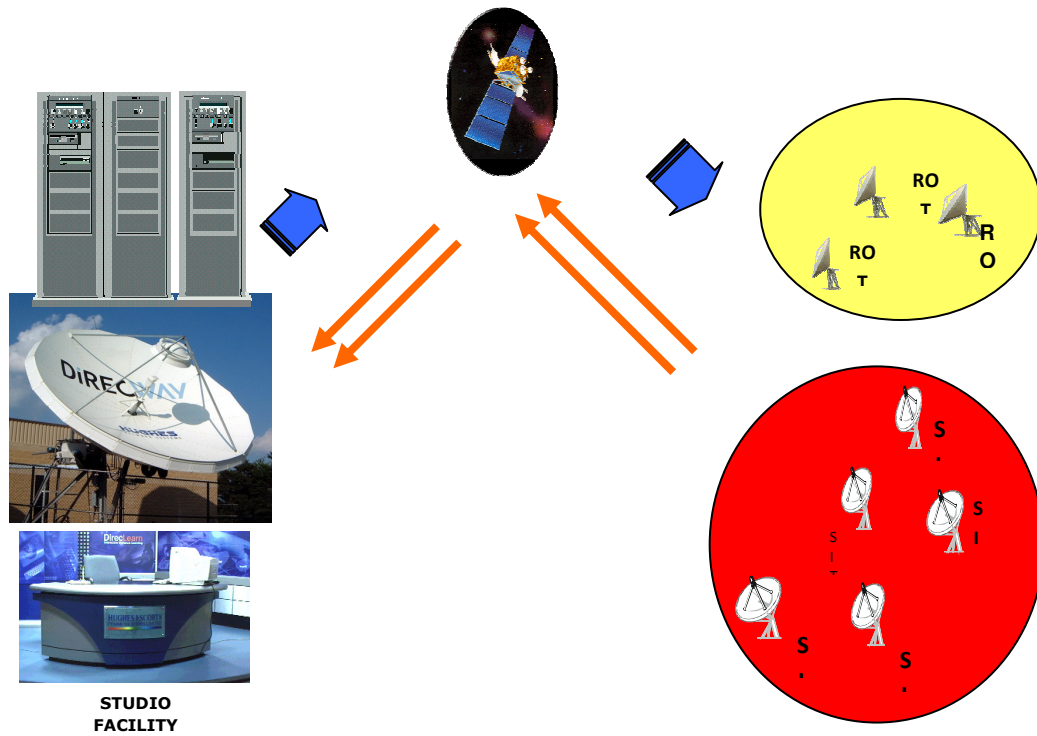

of the parents of the children attending Government schools has become very high due to high level of mobility and exposure.

2.2 EDUSAT was launched by ISRO on 20th September 2004, exclusively for the education sector, as a collaborative project of MHRD, IGNOU and ISRO. The Govt of Punjab due to:

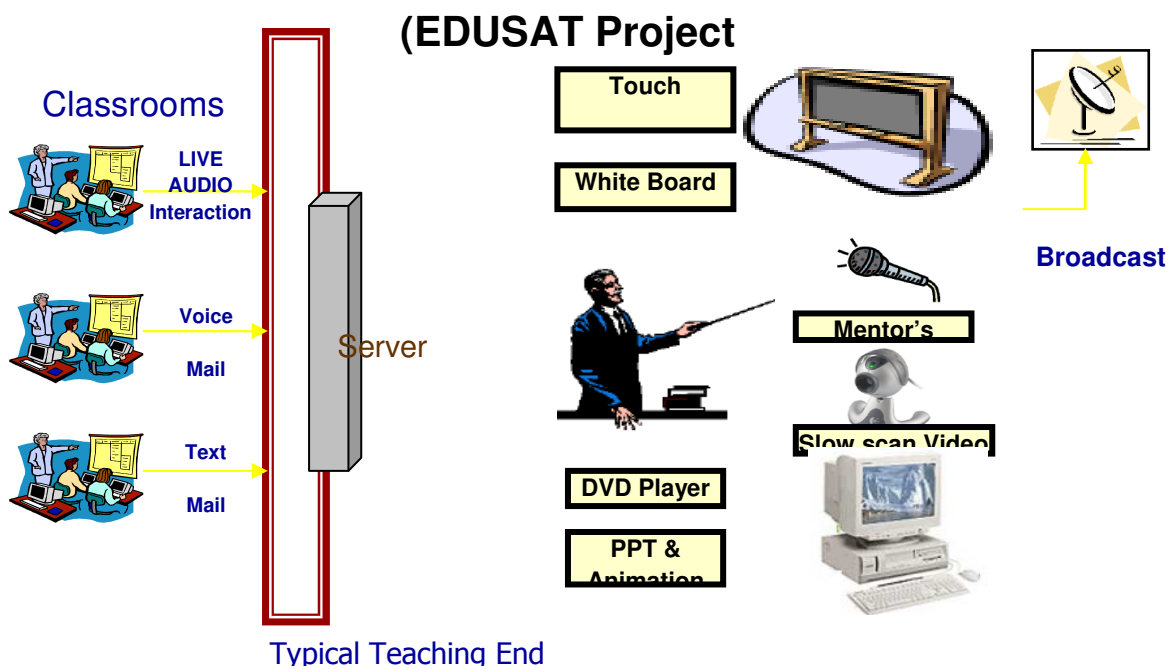

- i) Shortage of trained teachers;
- ii) Lack of quality teaching, especially in the rural areas;
- iii) Teacher absenteeism;
- iv) Need for uniform quality education; and
- v) Need for improvement in Science, Maths and English teaching ;

capitalized the idea and approached Ministry of Human Resource & Development as well as ISRO for setting up the Edusat project in the state. A Memorandum Of Understanding (MOU) was signed between Government of Punjab, MHRD Govt of India, New Delhi and ISRO at Bangalore for setting up of the Punjab Edusat Network. Work on installation of Hub at Mohali and SITs for two channels was started in March 2005. The work on installation of State Hub in the premises of Punjab School Education Board Mohali, the installation of 2 Teaching Ends & 216 Classroom ends was completed in the month of Nov 2007.

State Hub and Terminals

Satellite Based Multimedia Distance Education GSAT-3

MIN
OU

Lecturer delivering Live Lecture through Edusat Network using Interactive Board

Student studying in Virtual Classroom

2.3 Concept

The concept of broadcasting educational programmes through satellite is:

- Digital Two-Way Interactive classroom set up
- Multi-media and Multi-centric system
- Virtual classrooms
- Formal and Non-formal education
- Adult literacy programmes
- A fillip to distance education through audio-visual medium
- Reaches the remote parts of the state

- Links various institutions
- Higher education, Medical Education, Technical Education and School Education
- Aspirations of the growing student population at all levels can be met.
- Subject Experts relay Model Lessons.
- Experience of Expert Resource Persons shared across the network.
- Content delivered through
 - Live Lecture
 - CD play with Question/Answer session
- Facilitates Quality Education in Regional language
- Supplement curriculum based teaching
- Provides greater community participation
- Educational content archival **service**
- Teachers Training

2.4 Implementation

In the 1st Phase, one studio was created in the premises of Punjab School Education Board and State Hub was established therein.

State Hub

**PSEB
Mohali**

2.5 Simultaneously, 516 Satellite Interactive Terminals (SITs) were provided in the education institutions of different department as under:-

School Education : 425 Classroom ends.

Adarsh Schools : 09 Classroom ends

Higher Education : 47 Classroom ends.

Technical Education : 29 Classroom ends.

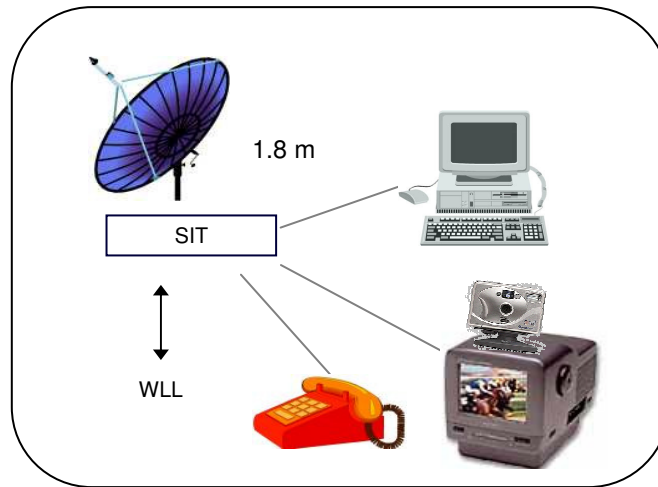

Medical Education : 04 Classroom ends.

Total : 516 Classroom ends

Layout of the Satellite Interactive Terminal

Set up for SIT

- 2-way Audio Interactivity**
- 2-way Video Interactivity**

516 SITs

2.6 After successful trials runs of the network, the Govt. of Punjab decided to constitute an independent entity to implement the Edusat programme in the State of Punjab called Punjab Edusat Society which was registered on 15-11-2007 under the Registration of Societies Act 1860.

2.7 The Edusat network was dedicated to the state of Punjab by the Hon'ble Chief Minister, Sh. Parkash Singh Badal on 02-01-2008.

2.8 The technical arrangement in Edusat Network and how it works?

The Network contains, personal computers, Digital Cameras, DVD players, switchers, Modems Dish antennas etc.,. At teaching end we have two PCs, Digital Camera, DVD palyer, Switcher, modem, sound systems, Dish Antenna etc. One PC is called Multimedia Server, which is loaded with a software called Virtual Network Control (VNC). This software is used to control the transmission. Other PC is called presentation PC, which is used to present the notes, slides, prepared by teacher. Digital Cameras used to get the image of teacher and can control remotely. A high quality DVD player is also included to show some recorded movies whenever necessary. Presentation PC, DVD player and Digital camera are attached to the switcher and the switcher is used to select which of signal come among Presentation PC, DVD palyer and Digital camera etc. The presenter PC has a digital monitor that can be used as a 'White Board(Not Black

Board !). Teacher can write texts or draw pictures using a digital pen on this image also can be transmitted to student end. A mic is directly attached to Server. Modem converts the digital inputs to analog form and send to dish antenna through high quality cables. Dish antenna is pointed to Edusat and the signals will be send to Edusat which is 36000 Kms away from earth.

2.9 EduSat will reflect this low power beam to ISRO Hub. There it will be boosted and send back to EduSat. It is this boosted beams will be send to the dish antennas of all SITs located in different parts of country.

2.10 In each SIT also there will be a dish antenna, modem, web camera, mic, sound systems and Personal Computer. The signals reach modem from dish Antenna is in analog form. It will be converted into digital format by modem and send to PC. PC is loaded with VNC software. Using this VNC software, multicasting programs can be viewed.

2.11 Image and sounds from students end also communicate to the teaching and through same way.

2.12 The network also has the option of 'chatting'. Using this facility both end can send their questions and answer in text/ types form also.

2.13 To begin with, Punjab Edusat Society started special coaching/ training programme for the students appearing in AIEEE/CET/PMT/IIT entrance examination 1908 w.e.f 31/03/08. This programme was conducted by the Punjab Edusat Society in collaboration with Gyan Sewa Trust and the faculty was provided from M/s EROSE Educational Infotech, New Delhi. The programme was appreciated by one and all throughout the State as it enabled those students also, to compete in the entrance examinations who were not in a position to pay hefty fees to private coaching agencies conducting such classes.

2.14 Apart from broadcasting live lectures and connecting video conference with the students, Punjab Edusat Society also distributed study material consisting of about 1000 pages free of cost to the students. In the process, more than 350 students were able to seek admission in different Medical and Engineering colleges.

2.15 From 01-07-2008, the society started coaching in the subjects of Physics, Chemistry, Biology, Mathematics, Commerce and English for the students of 10+1 and 10+2 in the difficult topics. In addition, society also conducted regular coaching for the 10+2 students who intended to appear in entrance examinations of AIEEE/CET/ PMT/ IIT to be held in the year 2009 w.e.f 15-07-2008 to 31-10-2008 and from 12-03-2009 to 18-05-2009 which was attended by more than 10,000 students.

2.16 The society also started imparting education to the students of Higher education through another independent channel. Consequently, the students in as many as 47 Govt. Colleges who have already been provided SITs are being benefited from the

Edusat programme. They are availing benefit of uniform quality education through distant mode from reputed and renowned subject experts. This will not only enhance the quality of education in the college curriculum but would also provide a technical platform to the students to interact with the subject experts and expose them to the latest technologies in the field of education.

2.17 The Society has provided 34 SITs in the Technical Educational Institutes under the control of Department of Technical Education. The broadcasting for the students studying in the technical educational institutes shall be commencing w.e.f 3rd Aug 2009.

2.18 The Department of Medical Education and Research who have been provided 4 Satellite Interactive Terminals (02 in Medical Colleges and 02 in Dental Colleges) of the State, is in the process of in using this network.

2.19 In view of the experience gained by the Punjab Edusat Society in the year 2008, the society has decided to cover all the senior secondary Schools in the state. Accordingly, 379 senior Secondary Schools having science stream have been provided Satellite Interactive Terminals (SITs) facility by shifting 121 SITs from Primary/ Upper primary/High schools & BPEO offices and by purchasing 216 new ones. Now, all the Senior Secondary Schools having Science stream are equipped with Satellite Interactive Terminals (SITs) throughout the state and availing the benefit of live broadcast in the subjects of Mathematics, Physics, Chemistry, Biology, Commerce & English for the classes 9th, 10th, 10+1 & 10+2.

2.20 After achieving the goal of providing Distant education in the Senior Secondary Schools having Science streams, the society has decided to cover the humanity group also by providing Receive Only Terminals(ROTs) facility in all the Senior Secondary Schools including those Schools which have Science Streams and are equipped with SITs as such schools also have humanity stream. The society has already covered 500 such schools.

2.21 In view of the frequent cuts in power supply, the society has provided petrol start/ Kerosene operated gensets to all the Senior Secondary Schools having SITs. Now the society intends to supply gensets to those institutions also who have been provided ROTs and who will be provided ROTs in future.

3.0 **POWER SUPPLY**

3.1 Keeping in view the erratic power supply in the state, the society decided to provide petrol start and kerosene run Gensets so that the study of the students is not interrupted due to power failure. The society has therefore, already provided 380 Gensets in those Sr. Secondary schools who have Science stream. The remaining SITs with Department of Technical, Higher and Medical Education are also to be provided Gensets. Besides, those schools who would be equipped with ROTs.

4.0 ACHIEVEMENTS

During the last three years, the society has achieved the physical targets as under by spending a sum of Rs. 27.29 Crores:

1.No. of SITs	=	516
2.No. of ROTs	=	500
3.No. of students benefited	=	2,15,827
4.No. of studios established	=	03
5.State Hub	=	01
6.Teaching ends	=	04
7.Gensets	=	380

Powers and Duties of Officers and Employees

The administrative and financial powers for the implementation of the EDUSAT Program are as under:-

PUNJAB GOVERNMENT

PUNJAB EDUSAT SOCIETY-Use of Technology for Advancement

And

Reorientation of Studies in Punjab

In the matter of Society Registration Act, XXI of 1860 being an Act for the registration of Literary, Scientific and Charitable Societies

And

In the matter of Punjab EDUSAT Society (herein after referred to as the Society) pertaining to Rules and Regulations of Society for the administrating and implementing quality education through satellite education.

MEMORANDUM OF ASSOCIATION

- I. Preamble:** The primary objective of the Punjab EDUSAT Society is use of Satellite Technology for Knowledge, Advancement and Reorientation of Studies in Punjab. It would facilitate the establishment of required Satellite infrastructure as well as courseware for the School. It is considered expedient to provide the Society a legal entity by getting it registered under The Societies Registration Act, 1860.
- II. (a) Name of the Society:** The name of the Society shall be "PUNJAB EDUSAT SOCIETY – Use of Technology for knowledge Advancement and Reorientation of Studies in Punjab", Punjab EDUSAT Society for short.
- (b) Registered Office:** The Registered office of the Society shall be at Punjab School Education Board, Sector – 8, Mohali, PUNJAB, C/o Director General school Education, Punjab, SCO 104-106 , 2nd Floor, Sector 34-A, Chandigarh.
- (c) Area of Operations:** INDIA

III. Objectives and functions of the Society:

The aims and objectives, for which the Society is established, are:

1. The Society shall be an independent, not for profit & apolitical Organization.
2. To make use of EDUSAT for various developmental/social/ educational/ Scientific/health/literate/cultural/research/scientific programs etc.
3. Knowledge Packing for Face-to-Face & Self-Paced Learning, EDUSAT Technical Possibilities, Promotion of E-Learning, Management of Interactivity in Educational Media.
4. To collaborate with other institutions having similar objectives such as Indira Gandhi National Open University, Central Institute of Educational technology, National Institute of Open Schooling, etc. for availing various schemes and programmes and seeking their help, support, guidance etc. in rolling out various activities of the Society.
5. To devise, organize, encourage and promote methods and procedure for use of Technology and Science in education and for Management, Administration and Planning of Education set up.
6. To organize and conduct training and instructional programme and arrange lectures, conferences, seminars etc. to make use of EDUSAT network in particular and other technologies in general for all the Government Educational Institutes of the State.
7. To collect, publish, distribute and disseminate educational and informative data, reports and other similar materials including posters, periodicals etc. relating to use of technology in general and EDUSAT in particular.
8. To establish and maintain a library on use of technology in education and allied subjects.
9. To participate in the programmes relating to use of technology in education and EDUSAT within the country and abroad.
10. To co-operate, enlist and develop co-operation between all persons, organizations and agencies interested in the promotion of technology in education and use of EDUSAT for imparting education, instruction and learning.
11. To maintain a film/video/audio library and arrange film shows on use of technology including EDUSAT in the Government educational institutes concerning all the Departments of the State. To establish language labs for imparting language training to students in schools and colleges.
12. To secure from the Central and State Governments recognition and financial assistance and for

carrying out the aims and objectives of the Society.

13. To collect and recover subscription and other fees and charge for service rendered and borrow funds and accept any grant, individual donations and subscriptions whether in case or securities or any property either movable or immovable for furtherance of the objectives of the Society.
14. To propagate the aims and objectives of the Society through advertisement in the Press and through audio-visual and other means.
15. To purchase, take on lease or otherwise, acquire any land or building, which may be necessary for the Society.
16. To sell, lease, exchange and otherwise transfer all or any of the properties of the Society.
17. To assist in the formation of the local centers for the encouragement of use of EDUSAT and use of Technology in Education.
18. To award commendation certificates, prizes, trophies, etc. to the participants in the various programmes related to EDUSAT and use of Technology in Education.
19. To render advice, assistance and guidance on matters relating to members of the Society.
20. To conduct case studies and to prepare scheme of EDUSAT and use of Technology in Education.
21. To do all lawful acts as the Society may consider necessary, conducive or incidental to the attainment or enlargement of the aforesaid aims and objectives.
22. To invest funds or money or security entrusted to the Society in such a manner as from time to time, be determined by it.
23. To draw, accept, make, endorse, discount and deposit Government and other promissory notes, bills of exchange, cheques or other negotiable instruments for carrying out the aims and objectives of the Society.
24. To establish, Subscribe, to become a member of, support, cooperate, or amalgamate with any other association, Society, Institution or Company, whether incorporate or not, whose objects are altogether or in part similar to those of the Society, and to procure the recognition of the society where considered necessary.
25. To enroll various categories of members from among Government, Companies, Associations, Institutions and Organizations, whether incorporate or not, and individuals and to afford them the benefit of projects publications, research and other activities of the Society.
26. To do all such other lawful things as are conducive or incidental to the attainments of the above objects.

IV. INCOME & PROPERTY

1. The income and property of the Society shall be utilized solely towards the promotion of the aims and objects of the Society and no part of the same shall be paid or transferred directly or indirectly by the way of dividend, bonus or profit to the members of the Society provided that nothing shall prevent the payment of interest on money borrowed from any member of the Society or the payment for any occasional services.

V. Funding of Society its resources, operations and management

- a. The expenditure on IT Resources, operations and management of the Society would be funded through the State of Punjab and from the fees to be collected from the students.
- b. The Society may approach Government of India or any financial institutions or sources for funding the PUNJAB EDUSAT SOCIETY education project depending upon the policy at that time and the project structuring/ requirement.
- c. **Sources of income of the Society:** The Society will facilitate/ execute/ implement Punjab EDUSAT Society education on behalf of Department of School Education (DSE) or any other department of government based on the availability of the funds.
- d. **Provision of Nominal fee will be made for using the EDUSAT Network. All the users have to pay nominal fee per hour for using the EDUSAT studio and EDUSAT Network. The fees to be charged would be decided by the Executive Committee.**
- e. **Operations and Management (O & M) of the society:** The Society will not have a permanent staff of its own. Any required operating, administrative, technical and other manpower may be deployed on job work, contract or outsourcing basis. Any expenditure on manpower would be met by the Society out of the available funds.
- f. The income and property of the Society howsoever derived shall be applied towards the promotion of the objects thereof as set-forth in this Memorandum of Association (MOA).

- g. No part of income and property of the Society shall be paid or transferred, directly or indirectly, by way of profit, to the persons/ body who are, or, at any time, have been or shall be members of the Society or Board of Governors or to any of them or to any persons claiming through them or any of them.

VI. Present Board of Governors:

The names, designations and address of the present members and office bearers of the Board of Governors, to whom the management of the affairs of the Society is entrusted as required under Section 2 of the Registration of Societies Act, 1860 (Act XXI of 1860) read with Punjab Amendment Act of 1957, shall be as under:

Sr. No.	Designation	Address
1	Hon'ble Chief Minister, Punjab	2 nd Floor, Civil Secretariat, Punjab Chandigarh
3	Minister In charge of Higher and School Education	Civil Secretariat, Punjab Chandigarh
3	Minster in Charge of Technical Education	Civil Secretariat, Punjab Chandigarh
4	Minster in Charge of Medical Education	Civil Secretariat, Punjab Chandigarh
5	Chief Secretary Punjab.	26/6 Civil Secretariat Punjab Chandigarh
6	Principal Secretary Department of Information Technology, Punjab	10/8 Civil Secretariat, Punjab, Chandigarh
7	Principal Secretary Department of Finance, Punjab	6/8 Punjab Main Secretariat, Chandigarh
8	Principal Secretary, Department of Health and Family Welfare	Sector 34, Chandigarh
9	Principal Secretary, Department of Technical Education, Punjab	Plot-1 A Sector 36 A, Technical Education Bhawan, Chandigarh
10	Secretary School Education	527/5 Punjab Mini Secretariat Punjab Chandigarh
11	Secretary Employment Generation and training	Mini Secretariat Punjab, Chandigarh
12	Secretary Department of Planning	SCO.No-70-72, Sec- 17 B, Chandigarh

3) Any other business with permission of the Chairman.

ii) Special General Meeting:-

When at least 25% members of the Society send a requisition in writing to the Chairman calling for special general meeting, the Chairman shall call the special general meeting of the Society within one month of the receipt of the requisition. All the rules regarding conduct of the general body meeting shall apply to the special general meeting also.

iii) Quorum for General Meeting:-

The quorum for a General Meeting of the Society will be 1/5th of the total voting strength or 15 whichever is less. If there is no quorum at the general meeting, the meeting shall be adjourned to a subsequent date and at such an adjourned meeting, no minimum quorum shall be required. Normal notice per rules will be given. Decision shall be taken by simple majority but in the event of a tie, the Chairman shall have a casting vote.

11. Powers and Functions of the Executive Committee:-

i) The day-to-day work of the Society will be carried out by the Executive Committee which shall meet as and when necessary but not later than once in a quarter.

ii) The quorum for the meeting of the Executive Committee shall be 4 members, including the Chairman.

iii) In case of difference of opinion amongst the members of the opinion of the majority shall prevail.

iv) The Chairman shall prescribed the duties of all the personnel and staff employed in the Society and shall exercise such supervision and disciplinary control as may be necessary subject to the orders, rules and bye laws of the Society which are yet to be framed.

v) The Chairman shall ordinarily have full responsibility for developing supervising the execution of the projects for use of Technology in education and propaganda, so long as these projects are in compliance with the broad policy laid down by the Society from time to time.

vi) The Members Secretary shall maintain a record of the minutes of the meetings of the

Executive Committee and the Society and shall perform the duties otherwise directed to be performed by him and all other such duties entrusted to him by the Chairman and assist him in the day to day affairs of the Society. In addition to this, he shall be responsible for proper administration of the affair of the Society under the general directions and guidance of the Chairman of the Executive Committee and shall oversee the functioning of the Society office at Chandigarh/Mohali.

vii) Neither the Chairman nor any member of the Executive Committee shall be personally liable for any assurance or contract made under these bye laws but any liability arising under such assurance or contract shall be discharged from the money at the disposal of the Society.

12. Sectoral Committees: There shall be a Sectoral Committee for each concerned department headed by the concerned Administrative Secretary. This committee shall be responsible for management of EDUSAT network so far as it relates to the concerned departments. This shall include content development or procurement, formulation of telecast schedules and Selection of resource persons (Teachers/ Lecturers). The constitution of the Sectoral Committee shall be as under:

i) Administrative Secretary --- Chairman

ii) Concerned Head of Department --- Member Secretary

iii) Nominee of Director General School Education --- Member

iv) The Chairman of the committee may co-opt maximum of three members in the committee.

The Executive committee may delegate such of its functions to the Sectoral Committee as it may decide by a resolution passed in this regard. The Governing body may, by resolution appoint any committee (s) and delegate to it such powers as it may consider necessary. Executive Committee shall have powers to appoint any committee/sub-committee during the intervening period of the meetings of the Governing Body of the Society.

13. Termination of Membership:

- i) Where a person becomes a member of the Society by reason of the office or appointment he holds, his membership of the Society shall terminate when he ceases to hold that office or appointment.
- ii) Whenever a member other than the ex-officio member desires to resign from the membership of the Society, he shall address his resignation to the Member Secretary of the Society and submit the same to him. The membership of such persons shall stand terminated from the date of his/her resignation.
- iii) A member of the Society shall cease to be a member, if Board of Governors so desire.

14. Assets and Funds of Society

- (a) The capital cost and corpus fund for the smooth functioning of the society may be contributed by Government of Punjab, Government of India, contributions from Public sector undertakings, Co-operative institutions, other Public sector organizations and Financial Institutions.
- (b) **Sources of income of the Society:** The Society will facilitate/ execute/ implement PUNJAB EDUSAT SOCIETY education on behalf of Department of School Education (DSE) or any other department as may be notified by the government or any other department as may be notified by the government based on the availability of the funds. Therefore, any receipts of the society will consist of the following:
 - i. Plan budget outlay for PUNJAB EDUSAT SOCIETY project in the Department of School Education will be transferred to the Society and proper accounts would be maintained;
 - ii. Financial assistance from central ministries, Financial Institutions (FIs), or any national/ international individual or institutions or industry;
 - iii. Any other revenue generated from PUNJAB EDUSAT SOCIETY activities.
- (c) The recurring expenditure of the society would be met out of the funds and other income from resources and business of the society.
- (d) For expanding the scope and coverage of PUNJAB EDUSAT SOCIETY education project in the State the Society may approach Government of India, Government of Punjab or any financial institutions for funding the PUNJAB EDUSAT SOCIETY Education project depending upon the project structuring/ requirement.
- (e) The business of the Society may be used as an institutional mechanism for the facilitation/ execution of PUNJAB EDUSAT SOCIETY education project which could be either fully or partially funded/ sponsored by Government of India, Government of Punjab or other financial institutions/ resources.
- (f) The execution of the projects could be facilitated through the Society and any funds allocated for such projects could be utilized through the Punjab EDUSAT Society Level Society or any other society.
- (g) The Society may accept contributions from statutory bodies created under the Acts of Parliament or of the State Legislature, the national and International organizations, NRIs, industry. The contribution may also be accepted from Private bodies and individuals subject to the approval of its Board of Governors.

- (h) The income and property of the Society howsoever derived shall be applied towards the promotion of the objects thereof as set-forth in this Memorandum of Association.
- (i) No part of income and property of the Society shall be paid or transferred, directly or indirectly, by way of profit, to the persons/ body who are, or, at any time, have been or shall be members of the Society or Board of Governors or to any of them or to any persons claiming through them or any of them.

(j) Operations and Management (O & M) of the society:

- i. The required operating, administrative, technical and other manpower may be deployed on job work, contract or outsourcing basis from case-to-case basis for ensuring the efficient operation and management of the projects.
- ii. Thus the hiring of manpower for the work of the Society would not be the liability of the Government and any expenditure on such account is proposed to be met out of the funds available with the Society.
- iii. Mostly the operating staff would be hired by the private partners and no Government Expenditure would be involved. Also expenditure on any hiring of staff by the society would be met out of the funds available with the Society.

(k) Vesting of the assets and funds of the Society: The Assets of the fund shall vest with the Society.

- i. **Assets register and accounts:** The Society shall maintain Assets Register (AR) and accounts as per the common corporate practices relating to IT industry
- ii. **The Treasurer of Fund:** The Executive Committee of the Board of Governors headed by the Member Secretary or any other person authorized by the Executive Committee shall be the treasurer of the funds.
- iii. **Operation of Bank Account:** The bank accounts of the Society shall be kept in the name of the Society and shall be operated upon by the Member Secretary of the Society or any other person authorized by the Executive Committee or Member Secretary.

- (I) Objects for which the Fund of the Society could be used:
- i. The objects of the fund shall be as approved by the Board of Governors.
 - ii. All decisions for utilization of funds would be recorded in Executive Office Order Register (EOOR).
 - iii. Some of the indicative objects for which the funds could be used are as follows:
 - a. For creation, operation, management and maintenance of databases to be used for IT enabled citizen services in the State.
 - b. For developing replicable and reusable models of e-Governance in various State Government Departments, Offices, Boards and Corporations;
 - c. For creation, operation, management and maintenance of IT and other resources for e-governance applications and IT enabled citizens services.
 - d. To develop Decision Support System, MIS, Intranet and other applicable enabling technologies in State Government Departments, Offices, Boards and Corporations;
 - e. For IT innovations in administration, re-engineering and for IT supported resource optimization;
 - f. To impart special training, awareness and capacity building in the field of IT for various State Government Departments, Offices, Boards and Corporations;
 - g. For any other purpose, which seeks to achieve the objectives of the society.
 - iv. Administrative expenses incurred by the Society or Committee such as salary allowances and traveling Allowances and daily Allowances of the staff can be legitimate charges on the funds of the Punjab EDUSAT Society in accordance with the provision of the rules of the Society.

15. Accounts and Audit

- a. The Member Secretary shall keep or cause to be kept proper accounts of the receipts and payments, income and expenditure and of the property, assets and liabilities of the Society. The Annual Accounts shall be made up by the end of the financial year;

- b. The Accounts of the Society shall be audited and certified by the Chartered Accountant appointed by the Executive Committee in his behalf. However funds provided by the State Government shall be subject to audit by Auditor General, Punjab. Such report of the Chartered Accountant or Auditor General shall be placed before the Board of Governors after approval by the Executive Committee.

16. APPOINTMENT OF COMMITTEES:

The Executive Committee may, by resolution appoint any committee(s) and delegate to it such powers as it may consider necessary. Further, Executive Committee shall have powers to appoint any committee/ sub-committee during the intervening period of the meetings of the Governing Body of the Society.

17. FUNDS OF THE SOCIETY AND ACCOUNTS

The funds of the Society shall consist of the following:

- i) Donations/Grants from State Govt./Central Government/other institutions/Societies etc.
- ii) Income from its own sources.
- iii) Loans/Borrowings that the Society may take as approved by the Executive Committee.
- iv) The bankers of the Society shall be appointed by the Executive Committee. The Executive Committee shall also authorize any of its officers to operate the accounts.
- v) The treasurer shall maintain the proper accounts and other relevant records in the form as may be prescribed by the Executive Committee.
- vi) The accounts shall be audited by qualified auditors approved by the Executive Committee.

18. ALTERATION OF THE RULES AND OBJECTS OF THE SOCIETY

- i) The purpose for which the Society has been established may be altered or extended by a Resolution passed by not less than three fifths of the total number of members of the Society
- ii) The rules of the Society may be altered at any time by a Resolution passed by not less than three fifths of the total numbers present and voting in a meeting of the Society which shall have been convened for the purpose.

19. PROVISION FOR DISSOLUTION OF THE SOCIETY

Any number not less than three fifths of the members of the Society may determine that the Society shall be dissolved provided that they have expressed a wish for such dissolution by their votes at a general meeting convened for the purpose and obtained consent of the Board of Governors.

If on winding or dissolution of the Society there shall remain, after the settlement of all its debts and liabilities any property whatsoever, the same shall not be paid or distributed among the members of the Society or any of them but shall be given or transferred to some other institution having aims and objects somewhat similar to that of the Society, or as may be directed by the Board of Governors.

20. Contracts:

All contracts and other assurance shall be executed in the name of the Board of Governors and signed on their behalf by the Member Secretary of the Society or any other person duly authorized by the Board of Governors.

21. Powers, Functions & Responsibilities of the Member Secretary:

- a. The Member-Secretary shall be the custodian of the record, the funds of the Society & such other property of the society as the Board may commit to his charge. The Member-Secretary shall have the

accounts maintained and also arrange for the annual audit in accordance with the provisions in the Rules and Bye-laws of the Society.

- b. The Member-Secretary shall have such other powers & perform other duties as may be delegated or assigned to him by the Board. The Member-Secretary may delegate any of his powers to any of his subordinate with the approval of the Executive Committee.
- c. The Member-Secretary of Board of Governor shall act as the Member-Secretary of the Society and will record the proceedings of the meetings of the Society and of the Board of Governors and maintain a proper record of these meetings in accordance with the provisions of the Bye-laws of the Society.
- d. The Member-Secretary of Board of Governor shall manage the projects, properties or the money under the fund, manage accounts, execute all contracts on behalf of the society and receive funds for the society through donations, grants-in-aid, contributions and raising money whenever required.
- e. The Member-Secretary of Board of Governor shall prepare the budget relating to the administrative expenses of the Society and Committee such as expenditure on TA/ DA of the members, which shall be a legitimate charge on the fund.
- f. The Member-Secretary will be empowered to take all day to day administrative decisions except where no policy is involved where no creation of posts is involved.
- g. The Member-Secretary will have the authority to issue Financial Sanction (FS) and Technical Sanction (TS) for all IT and e-Governance projects of value less than Rs. 20 lacs. Any project of more than Rs. 20 lacs would require the approval of the Executive Committee or the Board of Governors, as the case may be.
- h. In the event of the post of the Member-Secretary remaining vacant or the Member-Secretary being absent or unable to perform his duties or any reason, it shall be open for the Board to direct any Officer or Officers in the service of the Society to exercise temporarily such powers & perform such functions and duties of the Member-Secretary as the Board may deem fit.
- i. The Member Secretary shall be responsible for the proper day to day administration of the Society. All other staff of the society shall be subordinate to the Member-Secretary. The Member-Secretary shall

carry out the general correspondence in connection with the work assigned to him/ her by the Chairman of Board of Governors and the Executive Committee from time to time.

- j. The Member-Secretary of Board of Governor shall hire & fire the manpower for the society and other staff in accordance with Rules, regulations and bye-laws of the Society. The Member-Secretary of Board of Governor shall represent the society in all its legal matters jointly or through any authorized representative.
- k. The Member-Secretary shall be responsible for the training and execution of all IT and e-Governance projects as approved by the Board of Governors and the Executive Committee.
- l. To do all acts, deeds and things necessary for carrying out his functions as Member-Secretary.

22. Withdrawal of Funds:

- 1. Withdrawal of funds from the accounts of the society shall be regulated in a manner to be determined by the Board of Governors or under its authority by the Executive Committee.
- 2. Such withdrawals shall be made by cheques on requisition (as the case may be) signed by Member-Secretary or an officer(s) authorized in this behalf by the Board of Governors or under its authority by the Executive Committee.

23. Annual report:

A report on the working of the Society every year shall be got prepared by the Month of September by the Member Secretary and presented to the Government of Punjab after the approval of the Board of Governors.

24. Suit by and Against the Society:

The Society may sue or be sued in the name of the Society and the Member Secretary shall have all powers to defend any suits and sue in the name of the Society either by himself or acting through agents/officials duly appointed by the Member Secretary.

25. Powers of the State Government to Give Directions to the Society.

The State Government in the Department of School Education may give the Society such directions in regard to the grants and funds provided by the State Government, as in its opinion, are necessary or

expedient for carrying out the purposes of the funds or the Society. It shall be the duty of the Society to comply with such directions.

26. Repeal and Savings.

- I. Subject to the prior approval of the Board of Governors, the Society may alter, extend or abridge any purposes for which it is established by following the procedure prescribed under these rules.
- II. These Rules may be altered by the Society with the consent of the Board of Governors at any time by a resolution passed by a majority of 2/3rd of the total members present at any meeting of the Society which shall have been convened for the purpose after giving due notice of such resolution to the Members of the Society.

27. Societies Registration Act to Apply:

All clauses of Societies Registration Act, 1860 (Punjab Amendment Act, 1957) as applied to the State of Punjab shall apply to this Society save as are appropriately and expressly amended and altered or amended by these presents and such amendments are not inconsistent with the aforesaid Act.

28. INTERPRETATION OF RULES

In case of any dispute about the interpretation of any rule or regulation of the constitution, the decision of the President of Board of Governors shall be final. No act or proceedings of the Society and its other constituents shall deem to be invalid by reasons merely of any object its constitution.

Certified to be the true copy of Rules & Regulation of "PUNJAB EDUSAT SOCIETY Use of Technology for Knowledge Advancement and Reorientation of studies in Punjab"(hereafter called 'Society')
